Dear Sarah,

Launch of Public Consultation on Relocation of Moorfields Hospital

We discussed the consultation on ophthalmology services at the London Region Executive Team meeting of 23rd April 2019. I am writing to confirm as a co-commissioner we agreed the launch of the public consultation on the potential relocation of the Moorfields Hospital Old Street site. This decision was made in respect of NHS England Specialist Commissioned services only and is of course subject to CCG decision-making at the Committee in Common.

Yours sincerely,

Sir David Sloman
Regional Director (London)
